CUSTOM FURNITURE

How a custom order comes together

Most WixWood furniture is made to order. Here's the process from first message to delivery.

01

Tell us what you need

Share the piece you're imagining — a table, chair set, signage, or a full interior fit-out.

02

Share dimensions & inspiration

Send measurements, reference photos, or sketches of the space it's going into.

03

Discuss materials & design

Agree on wood type, finish, and design details with the WixWood team.

04

Receive a quote

A price based on materials, size, and complexity — no guessing.

05

Production begins

Your piece is shaped, joined and finished by hand in the workshop.

06

Delivery

The finished piece is delivered to your location.

CRAFTSMANSHIP & MATERIALS

Every piece is shaped by hand

From raw hardwood to a finished piece, each step happens in the WixWood workshop — no assembly-line shortcuts.

- Solid hardwood construction, joined and shaped by hand
- Hand sanding and sealing for a smooth, durable finish
- Poured epoxy/resin detailing on select tables
- Torch and heat-textured wood finishes
- Hand-carved lettering for signage and nameplates

DELIVERY & SERVICE

Where WixWood delivers

Delivery fees are calculated automatically at checkout once a zone is selected.

Delivery zones

Lagos	Confirmed on order
Abuja	Confirmed on order
Other location	Confirmed on order

Delivery fees shown here are placeholders. Add real figures in the site's CONFIG.deliveryZones once confirmed — they'll appear automatically at checkout.

Production & lead time

Every piece is made to order, so lead time depends on size, materials, and current workload. Estimated timelines are confirmed with you when your quote is issued.

ABOUT WIXWOOD

A Nigerian woodworking studio

WixWood Crafts is a Nigerian woodworking studio building furniture and wood pieces by hand — from statement dining tables to everyday bowls, cups, and signage. Pieces are designed,

carved and finished in the workshop, built to order rather than mass produced.
